CRIMSON KING

**"CRIMSON
KING"
MAPLE**

Unquestionably, the most beautiful of all Maple Shade Trees, *Crimson King* is the only variety in existence that retains its rich, dark, crimson color throughout the entire growing season.

Crimson King is easily recognized by the glistening, satiny sheen of its lovely dark red foliage. The distinctive, deep brilliant color of this outstanding specimen tree creates an exciting contrast to lawns and shrubs throughout the spring, summer and fall. Excellent for large or small lawns.

Almey-Flowering Crab

New! Fiery Crimson! Sensational! Almey takes its place as the most beautiful flowering crab in America. The tree is upright, vigorous and hardy. Almey blooms young. Each spring the two year old trees in the nursery are covered with blooms. Almey is the only variety that does this. It is hardy and will do well in any location. The fruits are maroon, and last into the winter season.
